

ALCOR FACT SHEET

kristensen:kristensen®

ALCOR

The leg construction on the ALCOR table is named after a star on the sky. The leg is the distinguishing feature of this table, as it is both sculptural and incredibly practical.

Designed by Cecilie Kamp

DESIGN DETAILS

Discover the options available for the Alcor range, including wood finishes, and edge profiles, allowing you to tailor the design to your needs.

—

EDGE PROFILES

Define the character of your new dining table. Choose from four beautifully crafted edge profiles and create a look that perfectly reflects your style.

EDGE 1
Harlekin

EDGE 2
Arched

EDGE 3
Pisa

EDGE 4
Straight

WOOD FINISH

Choose from four carefully selected wood finishes.

UP / WITHOUT
PATINATION
The wood is planned and sanded to achieve a smooth surface. With few and smaller knots.

Storage furniture and small pieces leaves can only be made with this finish!

RL / RAW LOOK
We brush off the layer of softer wood which gives a look of wood that has been roughened by natural wear.

May contain more and larger knots.

SC / SOFT CRACKS
Naturally occurring cracks are made more visible which gives a rustic look with cracks in the surface.

May contain more and larger knots.

FK / FILLED KNOTS
The knots are filled and the wood is planned and sanded to achieve a smooth surface.

Only for OAK and not possible on legs.

TECHNICAL DETAILS

Explore the technical options for the Alcor range, including size variations and other customization features, allowing you to adapt each design to your specific needs.
