WOOD FINISH

Choose from four carefully selected wood finishes.

UP / WITHOUT PATINATION
The wood is planned and sanded to achieve a smooth surface. With few and smaller knots.
Storage furniture and small pieces leaves can only be made with this finish!

RL / RAW LOOK
We brush off the layer of softer wood which gives a look of wood that has been roughened by natural wear.
May contain more and larger knots.

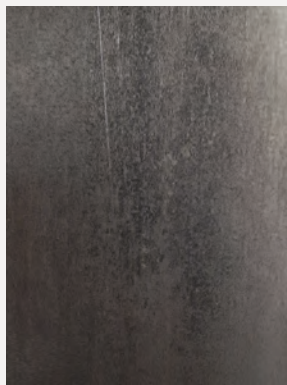

SC / SOFT CRACKS
Naturally occurring cracks are made more visible which gives a rustic look with cracks in the surface.
May contain more and larger knots.

FK / FILLED KNOTS
The knots are filled and the wood is planned and sanded to achieve a smooth surface.
Only for OAK and not possible on legs.

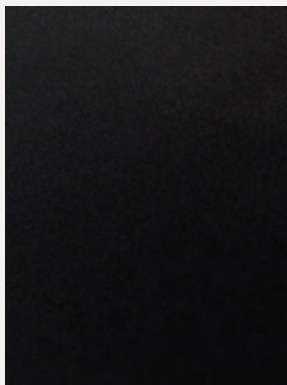

STEEL COLOUR AND FINISH

Choose from three steel fininshes.

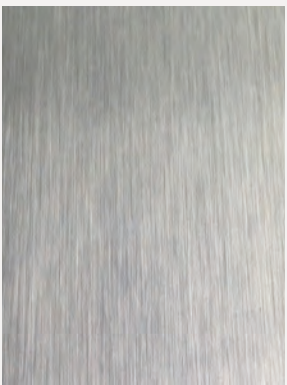

A / INDUSTRIAL STEEL

Industrial steel has a raw and matte appearance with shades of colors emerged during casting.

B / BLACK PAINTED STEEL

Black painted steel has a graphical and simple look, that fits nicely in most homes.

C / BRUSHED STAINLESS STEEL

Brushed, stainless steel has an elegant appearance with a uniform finish created by hand.
